Love Canal Revisited: Race, Class, and Gender in ...

Love Canal Revisited tells of a signature moment in the history of American environmentalism: the crisis over chemical pollution for the residents of Love Canal, a neighborhood in Niagara Falls, New York, in the late 1970s and early 1980s. The short story of this community is well known: residents of this lower-middle-class community discovered chemicals leaching into their basements and ...

When this neighborhood of Niagara Falls, New York, burst upon the nation's consciousness, the media focused on a working-class white woman named Lois Gibbs, who gained prominence as an activist fighting to save families from the poison buried beneath their homes. Her organization, the Love Canal Homeowners Association, challenged big government and big business—and ultimately won relocation.
